Preface	11
Chapter 1	
Cuman history in perspective	13
1.1 Early Cuman history – an outline	14
1.2 Cuman economic life on the steppe before the migration to Hungary	17
1.3 The Cumans’ arrival in Hungary and the steps of integration into feudal society	24
1.4 Cuman integration in the Hungarian scholarship. A short overview	31
Chapter 2	
Methodological concerns	33
2.1 Cumans in the written sources and in the archaeological record: The question of identification	33
The size of the migrating group	33
Distinguishing markers	34
Cuman legal status	36
Identifying Cumans in the archaeological record	37
The social dimension: nobility and commoners	37
2.2 Nomadism	38
2.3 Methods and types of evidence utilized in this study	40
Archaeozoological evidence and methodology	41
Chapter 3	
Cuman economic orientation in Hungary	45
3.1 Introduction	45
3.1.1 Economic background: transformations in Hungarian agriculture in the time of the Cuman integration	47
3.2 The Cumans in Greater Cumania	51
3.2.1 Textual evidence: the short history of Cumans in the region	51
3.2.2 The archaeological sites	56
3.2.2.1 Orgondaszentmiklós	56
3.2.2.2 Asszonyszállás	62
3.2.2.3 Kolbazzállás	64
3.2.2.4 Móric	65
3.2.3 Summary	69
3.3 The Cumans in Lesser Cumania	71
3.3.1 Textual evidence: a short history of Cumans in the region	71
3.3.1.1 The Cuman presence	73
3.3.1.2 The Seat of Halas	76
3.3.1.3 The Seat of Kecskemét	83
3.3.1.4 The Seat of Kara / Mizse	88
3.3.1.5 Summary	90
3.3.2 The archaeological material	91
3.3.2.1 Csengele	93
3.3.2.2 Kiskunhalas—Dong-ér	100
3.3.2.3 Kiskunfélegyháza—Templomdomb	104
3.3.2.4 Szentkirály	106
Plot no. 4-4a of Szentkirály: two successive houses, pit-stall no. 1, and the road	110
Pit-stall no. 2 (feature no. 32)	115
The Templom dűlő (Church hill) area	115
Archaeozoological observations at Szentkirály	115
3.3.2.5 Summary	121
3.4 The Cumans in Transdanubia	121
3.4.1 The short history of Cumans in Transdanubia and the Seat of Hantos	121
3.4.2 The archaeological site of Perkáta	129

3.4.3 Summary.....	136
3.5 Two sites on the periphery	137
3.5.1 Gorzsa.....	137
3.5.1.1 Gorzsa in the written sources and the presence of Cumans in the region.....	137
3.5.1.2 The question of Cuman presence	140
3.5.1.3 The archaeological material of Gorzsa.....	141
3.5.2 Tiszagyenda	149
3.5.2.1 The villages of Gyenda and Lak in the written sources and the question of the Cuman presence	149
3.5.2.2 The archaeological material of Tiszagyenda.....	153
3.5.3 Summary	160
3.6 Cuman animal husbandry in the Great Plain. General trends and data quantification	161
Taxonomic richness	161
Herd structure	162
3.7 Summary	170
Chapter 4	
Exploitation of the environment.....	173
4.1 Pastures, hay cultivation and forests.....	173
4.1.1 Pastures	173
4.1.2 Hay and other plant fodders	176
4.1.3 Forests and wetlands.....	178
4.1.4 Grazing rights	181
4.2 Fishing, fowling and hunting	182
4.2.1 Fishing	182
4.2.2 Fowling	185
4.2.3 Hunting and wild game management	188
4.3 Summary	189
Chapter 5	
Processing the animal body.....	191
5.1 Beasts for the feast. Production patterns of carcass parts, meat preferences and animal-related food products.....	191
5.2 Beasts for the afterlife: Animal bodies in Cuman ritual contexts	207
5.2.1 Animals involved in burial contexts.....	208
5.2.1.1 The equestrian graves.....	210
5.2.1.2 Dogs in burial contexts.....	219
5.2.1.3 Animal bones as food offerings and amulets in graves.....	221
5.2.2 Animals in other ritual contexts.....	223
5.3 Animals as raw material: worked bones, hide and wool.....	225
5.3.1 Bone working	225
5.3.1.1 Class I bone tools	226
“Bone skates”	226
Bone anvils	230
Gaming pieces	230
Pin holders / needle holders	232
Ornamented plates and buckles	232
Bone amulets	233
Other bone objects	233
5.3.1.2 Ad hoc, opportunistic tools	233
5.3.1.3 Debris and unprocessed pieces of raw material	234
5.3.2 Wool and leather	234
5.4 Summary	238
Chapter 6	
Caring for sick beasts: pathologies, livestock health and veterinary treatment.....	241
6.1 What can pathological specimens reveal? Methods, possibilities and limitations	241
6.2 Pathological phenomena at the studied medieval sites. A general overview	243
6.3 Traumatic injuries	244
6.4 Possibly work-related pathologies and arthropathies	247
6.4.1 Work-related pathologies and arthropathies in horses.....	248
6.4.2 Work-related pathologies and arthropathies in cattle	249

6.4.3 Arthropathies in other species	250
6.5 Dental abnormalities and oral pathology	251
6.6 Other lesions	252
6.7 Summary	252
Chapter 7	
Conclusions	253
Bibliography	259
8.1 Primary sources.....	259
8.2 Secondary literature	260
Appendix.....	287
9.1 A detailed list of archaeological sites compared in the archaeozoological analysis	288
9.2 Species names: Latin and vernacular names of animal species used in the text.....	291
9.3 List of tables, figures and diagrams in the text	291
Tables.....	291
Figures	292
Diagrams.....	292
9.4 Appendix to Chapter 3.2 Greater Cumania.....	293
9.5 Appendix to Chapter 3.3 Lesser Cumania	294
9.6 Appendix to Chapter 3.5 Sites on the periphery	295
Gorzsa.....	295
Tiszagyenda.....	297
9.7 Appendix to Chapter 3.6 Cuman animal husbandry in the Great Plain. General trends and quantification.....	300
9.8 Appendix to Chapter 5.1 Beasts for the feast.....	303
9.9 Appendix to Chapter 5.3. Catalogue of bone tools	311
A. Class I tools	311
B. Class II (ad hoc tools)	319
C. Debris and unprocessed raw material	320
D. Amulets and jewels.....	321
9.10 Appendix to Chapter 6. A detailed list of pathological lesions	322
A. Traumatic injuries	322
B. Infections, neoplastic and tumorous bones	327
C. Dental anomalies and oral pathology.....	328
D. Possible work-related pathologies and arthropathies	330
E. Other lesions	336
